

Firearms/Weapons Judgmental Simulator (\$100,000). I would ban earmarks as we know them, but as long as these earmarks are available, I'm going to apply for them in an effort to pursue federal funding opportunities for my district. For non-defense projects in the current earmarking system, I work closely with local governments, civic organizations, non-profits and business development authorities to identify and prioritize projects important to local communities in Georgia's Eighth Congressional District (and sometimes elsewhere). I only request funds for projects authorized by law for federal funding and do not do so for private parties or entities. This project will provide a Firearms/Weapon Judgmental Simulator for the Moultrie PD to give advanced 'use of force' training to officers in the region. This is a valuable use of taxpayer funds because it will enhance officer and community safety through 'shoot/no shoot' and 'lethal/less lethal' decisions training, as well as provide realistic situational simulation. Beneficiary: City of Moultrie PD, 128 First St., SW, Moultrie, GA 31776.
